

ASX ANNOUNCEMENT  
12 November 2018

## Completion of Entitlements Offer

Perth, WA and Alexandria, VA – WhiteHawk Limited (ASX:WHK) (“WhiteHawk or “the Company”), the first global online cyber security exchange enabling small-to-medium businesses to take smart action against cyber-crime, today provides the enclosed Appendix 3B - new Issue announcement, in connection with the Issue of:

1. 17,777,778 ordinary shares pursuant to the non-renounceable entitlement issue shortfall offer under the Prospectus dated 17th September 2018 (“the Offer”); and
2. 8,888,889 free attaching unlisted 2year option exercisable at 10c pursuant to the Offer.

The Company is pleased to announce that it has completed placement of the Offer in full. The total cash raised under the Offer is A\$1,605,353 before costs. The shortfall under the Offer was well oversubscribed.

Funds raised from the Offer will be used as outlined in the Prospectus dated 17 September 2018.

With a strong pipeline of over 50 customers which are in mature stages of business development across the Defense Industrial Base, Utility Sector, Manufacturing Sector, and Financial Sector, the Company expects two additional proposals of the 360 Cyber Risk Framework in 2018 and two further proposals in early 2019. The resulting scrutiny of the hundreds of suppliers in a client’s supply chain creates a multiplier effect on products in the WhiteHawk Exchange, as companies in the supply chain act to mitigate cyber risks. Supply chain size can range from 50 to 4,500 companies per prime customer, depending on the sector and size.

The Company also expects to announce news on other sales channel developments in the near term.
